NEVER AGAIN & ALWAYS

ANNETTE YASHPON

“ ‘Never Again & Always’... I love your voice. And I feel your soul in your voice... romantic, very sensitive, strong and absolutely beautiful... You’re my ‘Flame Of The Night’... „

Annette Yashpon’s new Album, “Never Again & Always” was released on June 8th with cdbaby™ distribution and for the first time ever with her very own label, Yashpon Music®. The CD was a landmark in Annette’s musical career, presenting her not only as a pianist and composer, but also as a singer / songwriter.

Over the past three years, certain powerful events in Annette’s personal life pushed her into seeking an emotional liberation not only in musical composition but also in the writing of lyrics. Emotions of love, longing, excitement, heartache and betrayal culminated in “Never Again & Always”, a collection of ballads of passion and desire.

Annette combines her talents as a musician in her work as an international trilingual presenter of events to create a surprise effect.

Her development as an artiste in her own right is for her not only about finding her individual expressive outlet but rather focuses on sharing her stories with others, letting them find and feel their own stories in her music, moving her audiences emotionally and giving them pleasure.

A listener said the following:

“Your music is so beautiful. Each tone, each verse reaches my heart and deep into my soul. That’s quite some experience. Thank you.”

The piano solos of her previous and first album “Long Ago Seems Like Yesterday” echo classical and film-music elements. The ballads of “Never Again & Always” follows on from this previous CD, also reflecting the influences of chansons and stage-musicals in Annette’s music. Combining these styles, her new album concludes with a film-music and stage-musical synergy of pathos with the orchestral reprise of “You Are The One”, arranged by the renowned Nic Raine.

“Never Again & Always” was the start of an exciting journey, foretelling promising musical growth and sentiment from Annette.

The CD was presented to a select audience on June 6th 2012 in the Tangoloft, Berlin under the theme “British Tea-Time Variation”.
